Throw them, spin them and dive for them. 4 bright dive sticks that will develop confidence and underwater swimming skills for children whilst keeping them entertained in the pool. Always a firm favourite amongst our swimmers!

**Subskate: Underwater Skateboard**  
*aqua-fun.co.uk*

Great for the older children and voted Outdoor Product of the Year 2006. Just put it in the pool underwater, stand on it and use it like a skateboard, balancing as you go! It's got our vote!
